Nurse Next Door

Home Care Packages (HCP) are a government funded subsidy helping older Australians access care to stay at home for longer. You can receive funds to help you stay independent and safe in your home and remain connected with your own community.

How can we make your day happier?

At Nurse Next Door we encourage a positive outlook through our Happier Ageing[®] philosophy of care. With a focus on possibility, Nurse Next Door's extraordinary family of nurses and caregivers empower you to keep living life to the fullest and maintain a sense of purpose, regardless of age.

Nurse Next Door provides home care that's Making Lives Better, in your own home, on your own terms. From companionship, to personal care to nursing, our brand promise is to do whatever it takes to bring you peace of mind.

Trilogy Care

When it comes to care, it can be a very personal thing and sometimes the best person to help you get the services you need is yourself.

Nurse Next Door has partnered with Trilogy Care, an approved home care package (HCP) provider. Trilogy Care will manage your Home Care Package and Nurse Next Door will provide the services you need.

By self-managing with Trilogy Care you can:

- ✓ Relieve yourself from the stress of managing a package
- ✓ Gain more control over how your funds are spent
- ✓ Enjoy more hours of care by spending less on management fees

Unlike traditional providers, Trilogy's self-management package empowers people to spend less on management fees, so they can spend their home care funds on the things that matter, more care to stay at home longer.

Our Package

Self-Managed (15%): The self-managed package is ideal for individuals who want to take control of the entire process by themselves or with the help of family members.
